EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Doherty on 10/30/06.

The application has been amended as follows:

Claims 1-8 have been canceled.

In the specification, page 30, after paragraph 89 a new paragraph listed as [0089.1] and the text --FIGS. 8aa-8dd illustrate an alternate embodiment of the present invention.—has been added.

Allowable Subject Matter

Claims 9-20 are allowed.

The following is an examiner's statement of reasons for allowance: the spinal implant with first and second baseplates and ball and socket structure there between was found novel. The first base-plate having a post with a ball-head at an end of the post and extending toward the second base-plate inner surface that has a convex structure with a central bore for the ball-head. The first baseplate having a concave

inward surface and the second baseplate having a cap integral with the outward lying surface having a spring loaded therein. The prior art did teach two baseplates with a post and ball-head on one base-plate and a socket on the second base-plate. However, the prior art failed to teach a concave inward baseplate and a ball captured in a bore in the convex structure of the second baseplate with a spring-loaded cap.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian E. Pellegrino whose telephone number is 571-272-4756. The examiner can normally be reached on Monday-Thursday from 8am to 5:30pm. The examiner can also be reached on alternate Fridays.
